## Special 15th Anniversary Brews

Head brewer Mike Haley and assistant brewer Nick Murray have created two commemorative brews to toast this milestone year:

- **15th Anniversary Ale** celebrates the traditional English session beer. Kennebunkport Brewing Company's classic Ordinary English Bitter recipe gets a slight bump in strength at 3.75% abv. Generous additional hopping gives this commemorative beer a distinguished fresh hop flavor. Come enjoy this special brew while it lasts!

- With a strong tip of the hat to the brewery's

English heritage, the second brew is called **Royal IPA**. Named for its copious use of hops, the strength of this beer is 6.2% abv. Challenger and Target hops provide the bitter quality and East Kent Goldings hops lend the aromatic character. You will have to wait for a taste of this popular brew though. This beer has been so well received that it sold out in just 14 days. A firkin is stowed away for the near future so there's still a chance for a taste! Due to the overwhelming customer demand for this brew, look for Royal IPA as a part of our seasonal line-up next spring.

## On the horizon...

- Coming spring 2008: The return of Royal IPA!
- Coming summer 2008: An updated Summer Solstice brew
